The Fair management has gone to considerable expense and no limit of work in arranging for a good entertainment this year; it feels that it has provided a fair meriting the patronage of all the people of this and surrounding counties; and it is hopeful of a large attendance through every moment of the fair.

The opening of the Fair will be

preceded by a grand parade of decorated floats, automobiles, etc., led by the Queen's float.

The parade will assemble at the baseball park, proceed to the school house, turn west on the street running east and west just north of school building and proceed to Center Street, at Mrs. Scott's corner, and then proceed up Center St. to South Front Street at the Richter Hotel. Here it will turn east down South Front one block to the corner at the Armstrong Hotel. Here it will turn north, cross the Railroad track and proceed up Harper Avenue to the courthouse, where it will turn west one block, in front of the courthouse, into Bandera Avenue. Here it will turn south on Bandera Avenue to North Front St. and turn back east around the Hondo Mercantile Co. store. It will proceed east on North Front Street one block to Harper Avenue to the corner at the C. J. Bless store. Here it will turn north again on Harper Avenue to the courthouse corner, thence west in front of the Courthouse to Bandera Avenue and then north to the Fair grounds.

Arrived at the Fair grounds, Hon. R. J. Noonan, County Judge, will crown the Queen of the Fair, Miss Lurine Decker, and open the fair with an appropriate address.

Engineers who designed the car learned through 20 years of experience what not to do in a good light car.

Men who head the Gray Car know after many years of designing automobiles what most desire in light cars.

They all worked for a long time on the Gray design. They were sure and they were sure of their ideas.

The result of these efforts is the present Gray Car—holding the official economy record of production that no other has ever approached.

Jack J. Bendele was here Monday returning to his home in Uvalde County after a visit to his old home at Castroville. Jack was exhibiting various products taken from a mine in Uvalde County that, judging from the specimens shown, seems to contain every thing from fuller's earth, paint, putty, face powder etc. to the hope of salvation—Jack's financial salvation! We are not a geologist or the son of a geologist but if Jack hasn't located a fortune up there in the hills of old Uvalde we wouldn't give two bits for any other man's chances for being a millionaire.

The Anvil Herald Print Shop is just finishing up twenty thousand admission tickets for the Fair which is to be held here next week. The management hopes to sell every one of the 20,000, and we are holding the forms ready for any additional rush orders. Buy 'em early, we like to print 'em.

Hondo's young soldier boys, Messrs. Alfred Rath, Elmer Neuman, Volney Boon, Lawrence Brucks, Preston Gaines, Herman and William Mask, and Clarence Fohn arrived home from a month's strenuous training in the Citizens Military training camp at Camp Travis. They were fat and in fine fettle, and seem to have enjoyed army life.

Will Earnest Newton left Sunday for New Orleans to enter the linotype school at that place. The young man has chosen a good trade and hopes to use it as a stepping stone to a law course in preparation for the practice of law. The young man's friends wish him a successful and happy realization of his ambitions—a realization he doubly deserves because he is willing to work to achieve it.

Belto Coal Man Makes Up a Call.

Mr. E. S. Orgain, of Bastrop, member firm of Belto Coal Co. of Bastrop and Lytle, was a pleasant caller at our office one day this week. They have sunk a shaft about fifty feet deep, about 12x14 near the R. R. track at Wallace Hill, on J. F. Riley's farm and are waiting for the R. R. Co to put in a siding so that they can get their machinery in and get ready to make shipments out. They have struck in several places on Mr. Riley's land a good grade of lignite from 5 to 6 feet deep and no water above which is a great help in mining. Coal already taken from the hole is being used to run the Lytle gin. Mr. Orgain expects to have machinery installed and a big crew at work by November and expects to find market for his entire output in the local towns and in San Antonio. He was conferring with Williamson Bros. and others in Devine in regard to using his coal. Mr. Orgain says they are not new in the coal business, nor are they merely experimenting; but will soon have the mine producing a good output of lignite.

A DISARMING ORDER.

The atmosphere in the smoking car lent itself reminiscence.

"Captain," asked the hardware salesman, "would you mind telling me how you lost your arm?"

"Not all, not at all," replied the bronzed officer with the empty sleeve. "It happened this way: We were due for another turn in the trenches the next day, so they were giving a dance for us that night back in the rest camp. A few welfare workers were there, and among them was the cutest little girl I ever met. I managed to dance with her most of the evening, toward the end we wandered out in the moonlight. 'Captain', she said, after a while, 'please remove your arm.'"

"And you know, she was such a little queen I just couldn't refuse her."—Home Sector.

UNVEILING.

Of a Memorial Tablet to the Overseas Veterans Last Sunday at Quilhi.

Last Sunday was a red-letter day in the history of the Quilhi Evangelical Lutheran church and community, the occasion being the unveiling of a most beautiful tablet in honor of the veterans of this community who served their country in the late world war. The celebration was opened at three o'clock in the old church where the pastor of the Quilhi Lutheran church, the church council, the speakers of the occasion and the veterans met and formed into a procession, carrying, while the church bell was rung, the tablet and several beautiful pictures designated for the church to the church. In the church the following program was carried out: After the tablet and pictures had been placed a beautiful deep-toned German carol was sung, whereupon the Rev. A. Beteit of Coryell delivered an impressive German address. He was followed by a very appropriate address by Dr. W. H. Smith of Hondo who represented the Red Cross. Dr. O. B. Taylor, who is the Commander of the American Legion was the next speaker and among other things emphasized the beauty of honoring those who deserve honor while they still live. Dr. Taylor was followed by Mr. George Heyen, a highly esteemed member of the Quilhi community. Mr. Heyen stressed very strongly the need of making the world safe for democracy, and expressed the hope that the world never again may be plunged into a war. Prof. W. N. Saathoff, Superintendent of Medina County schools, who was the next speaker, in warm and fitting words showed the necessity of cultivating patriotism in our homes as well as in our public schools and institutions. The last speaker was the pastor of the church, Rev. C. P. Hasskarl who exhorted all to remember that man's first and foremost duty is to obey and honor his Creator, emphasizing the fact that loyalty to God invariably leads to loyalty to home and country. After singing "America" the great concourse of people was dismissed with prayer and benediction.

LADY WAS IN A BAD FIX FROM NERVOUS INDIGESTION

Biloxi, Miss.—"I had, for a year or more, nervous indigestion, or some form of stomach trouble," says Mrs. Alonzo Ford, 1117 Clay Street, this city. "The water I drank at that time seemed to constipate me. I would suffer until I got so nervous I wanted to get down on the floor and roll. I felt like I could tear my clothes."

"Every night, and night after night, I had to take something for a laxative, and it had to be kept up nightly. My side would pain. I looked awful. My skin was sallow and seemed spotted. I would look at my hands and arms, and the flesh looked lifeless."

"I happened to get a Birthday Almanac, so I told my husband I would try the Black-Draught, which I did. I took a few big doses. I felt much better. My liver acted well. I made a good, warm tea and drank it that way. Soon I found that nervous, tight feeling was going, as was the pain in my side. I found I did not have to take it every night. Soon, after a few weeks, I could leave it off for a week or so, and I did not suffer with constipation. I gained flesh. I have a good color, and believe it was a stubborn liver, and that Black-Draught did the work."

"I went to my mother's (Mrs. Deeters) one day, and she wasn't well at all. I told her we'd try Black-Draught. We did, and now she keeps it to take after eating. It certainly helped her, and we neither will be without it in our homes. It is so simple, and the dose can be regulated as the case may be. We use small doses after meals for indigestion, and larger doses for headache or bad liver."

Thedford's Black-Draught liver medicine is for sale everywhere.

ALAMO SHOWS TO BE HERE FOR
FAIR.

Sometime Tuesday night or early
Wednesday morning, the show train
of the Alamo Shows will pull into
Hondo and bring with them every-
thing that it takes in the line of
amusements and riding devices to
make a fair or celebration a success.

The Alamo Shows carry the clean-
est line of shows of any other show in
the southwest.

Press notices from other towns
that they have visited are very lib-
eral in praise towards the company.

Under the leadership or manage-
ment of Mr. Harry M. Waugh this
company is conducted successfully and
the same as any other large or-
ganization or enterprise, with sys-
tem.

The company carries three riding
devices, merry-go-round, whip and
"Ferris Wheel". This is the first
time in history that a Ferris wheel of
this kind has ever been carried with
a traveling organization. It is "Mas-
todonic" or giganic in structure, and
instead of the old fashioned Ferris
wheel seats, these are closed cars.

Then there is the Circus side show
with many features including "Es-
telle" the miracle girl. She has a
world wide reputation as a mentalist
and promises to give some wonder-
ful demonstrations during the fair.

Then "Texas Buds" Rodeo show an
exact portrayal of Frontier sports
and pastimes, with such riders as
"Jimmy Sweeden" and "Cherokee"
Hammond. Then there's Jno. T.
Hammond Jr., the world's smallest
bucking horse rider, he is eight
years of age.

Tom Thumb, world's smallest mule,
is also with the rodeo show.

Then for some real sport there's
"Room 7-11, The Fun House, and
"The Vaudeville Show," "Como" and
several others too numerous to men-
tion at this writing.

the information that the Vandenberg

may miss the Fair, but she will be
pleased to have all lovers of children

MAY PROVE FATAL.

When Will Hondo People Learn the
Importance of it?

Backache is only a simple thing at
first;
But if you find 'tis from the kid-
neys;

That serious kidney troubles may
follow;

That dropsy or Bright's disease
may be the fatal end,

You will be glad to know the fol-
lowing experience.

'Tis the statement of a Hondo citi-
zen.

Joe Huesser, says "I can high-
ly recommend Doan's Kidney Pills
for I know they are excellent
I suffered with my back and my kid-
neys bothered me a great deal. I had
knife-like pains in my kidneys
every time I moved. I had to get up
nights on account of the irregular
action of my kidneys. The secre-
tions burned in passage and were
highly colored. A friend told me of
Doan's Kidney Pills so I used a box,
which cured the attack. I always
use Doan's now when my back bothers
me and they never fail to help
me.'

Price 60c, at all dealers. Don't
simply ask for a kidney remedy—get
Doan's Kidney Pills—the same that

No Worms in a Healthy Child

All children troubled with Worms have an un-
healthy color, which indicates poor blood, and as a
rule, there is more or less stomach disturbance.
GROVE'S TASTELESS CHILL TONIC given regu-
larly for two or three weeks will enrich the blood,
improve the digestion, and act as a general strength-
ening Tonic to the whole system. Nature will then
throw off or dispel the worms, and the Child will be
in perfect health. Pleasant to take. 75c per bottle
